ILLAWARRA TRIATHLON CLUB 2010/2011 UNIFORM RANGE

ITC Bib Shorts

Only –

\$100.00

Illawarra Triathlon Club Cycle shorts are fitted with the Endurance Chamois designed for those longer rides. Available in Red and Black.

Features:

- 4-Way® stretch chamois 100% seamless, multi-density, Italian 4-Way Pad. What truly sets our new pad apart is that it's a stretch pad. That's right — an elastic chamois. Why is this important? As you ride and your legs go round and round, you need a pad that moves and conforms. Traditional pads stay in one place. Ours doesn't. The first time you ride in our stretch 4-Way Pad — you will immediately feel the difference!

Also, our 4-Way Pad — is BIOAKTIV. Unlike other pads that are labeled as 'antibacterial' our pad uses no chemical substance on the fabric, and no chemical substance near your skin. BIOAKTIV avoids formation of bacteria thanks to the silver ions in the yarn. Unlike a chemical substance on the fabric, this is permanent; it does not disappear after washing!

- Mesh shoulder straps
- Radio pocket on back (see picture)
- Flatlock stitching
- Superb leg grippers

Chamois Choice

Performance Race Chamois - Used by CS Pro Teams for the last 5 years. If you like a closer to the saddle feel, then this is the Chamois for you. Italian made 4 way stretch, antibacterial chamois.

Endurance Chamois - New to the CS range as a result of your feedback. Designed for longer rides of for those who enjoy a thicker padded chamois. Italian made 4 way stretch, antibacterial chamois.

Custom Elite Tri Suit

Only -

\$275.00

Elite Tri Suit represents the latest in technological fabric advancements and flawless construction methods. This suit is made from our exclusive CS Elite Tek Lycra, a performance fabric that is not only breathable and water repellent, but also incredibly fast drying. Picture leaving the swimming leg of your next tri and your elite tri suit is dry within moments.

Note: As the name implies this suit is designed for elite athletes and not weekend warriors. This suit is very form fitting and often requires a helping hand to get in and out. The suit features a rear zipper and no pad. It is designed for shorter distance triathlons and duathlons — not Ironman competitions.
